CAREY

INTERNATIONAL PASTORAL TRAINING

Training Spiritual Leaders for
the Global Church

A staggering 9 out of 10 churches around the world are led by pastors who have never received any kind of formal biblical, theological or ministry training.

This is where Carey comes in

60+ Weeks of Training

500 pastor-students
(in training)

10 languages

17 countries

Carey exists to address the desperate need to **train men of God with the word of God for the sake of the people of God, to the glory of God. We do this by partnering with indigenous networks of local churches** to provide Biblical training that is academically rigorous and pastorally focused.

We provide training programs in the heart language of our pastors, and at a level that will best equip them for the work of ministry.

From our foundational Certificate program all the way through graduate level courses, our aim is to train well equipped expository preachers.

“Our Sovereign God is at work in incredible ways all around the globe. The gospel is being preached and the church is growing. But all around the world, in the face of Islam, Hinduism, Buddhism, Communism and Animism, and with the problem of rampant false teaching - there is a great need for Pastors and leaders who are effectively trained and equipped, able to rightly handle the word of God and faithfully lead the people of God.”

TESTIMONIALS

-Pastor Fadl
Al Shorouk City, Egypt

“I give thanks to God for these courses because I used to always preach but I didn’t focus on Jesus Christ. But [Carey] has taught me how to preach and how to take all people in the church and everywhere to Jesus.

Starting from now on I will focus on Jesus. Because of [Carey] I have prayed, ‘God forgive me. Starting from now on I will focus on Jesus Christ.’ God Bless you! This is the kind of training we so desperately need.”

-Pastor Roy
Copperbelt Region, Zambia

“Here in Zambia our setup has been ‘as long as I have the zeal and the passion then I can lead people.’ but there is little knowledge. I say this because we have seen a lot of heresy here. But with the coming of Carey, things have changed.

We have learned a lot and our minds have been opened...Please continue this work so that we are transformed and can get this transformation into the lives of many others.”
